

LHWL Business Boosters

The LHWL Boosters are once again making available an opportunity for local businesses to place "Business Card" advertisements in school Athletic Event Programs. Your ad will also be placed on the Business Boosters page of the LHWL website. The cost is \$50.00 for the year.

If you or any of your family, relatives, or friends are independent business people and would like to be a Business Booster for the coming school year, please fill out the application form below.

Please contact the school office at 734-422-2090 as soon as possible so that your ad will appear in all athletic programs. Any entries received after that day will be included in later athletic programs.
